

Assunto: Non registered event - Austria

Dear WDSF Member Body,

On behalf of the WDSF Presidium, we kindly inform you that there is one event not registered by our WDSF Member Body in Austria and by WDSF:

"Vienna Open" First Viennese Waltz WORLD CHAMPIONSHIP - Dec. 29th 2011, Vienna (<http://www.viennaopen.at>)

Choosing to participate in the WDSF DanceSport system as described in the corresponding rules, codes, regulations and policies, carries with it an obligation to follow a set of other common rules, and to participate exclusively within that WDSF system.

The WDSF Presidium advises that athletes, Adjudicators, Chairmen and other officials are authorised to participate in all competitions listed in the "WDSF Competition Calendar" and posted on the WDSF website.

However, it is the responsibility of all athletes, Adjudicators, Chairmen and other officials to inform themselves regularly by checking these lists, in order to ensure that a competition they plan to enter or officiate in is currently listed as registered within the WDSF system.

In case of doubt, please obtain confirmation in writing from WDSF or an WDSF National Member Body that a competition is registered within the WDSF system.

A competition that is not listed and registered by either WDSF or an WDSF National Member Body is presumed to be unregistered, and therefore is presumed to be outside the WDSF system. Athletes, Adjudicators, Chairmen and other officials who wish to continue to participate in the WDSF system should not participate in unregistered competitions. The WDSF Presidium may take action against any person or group associated with WDSF or an WDSF Member Body who take part in a unregistered competition in any whatever official capacity.

Best regards,

Marco Sietas
WDSF Sports Director
